Thank You to Parents

We had a reasonable turn out at the recent Canowindra Information Night. It is a very different focus to the one in August. Feedback from parents was that they found the presentation interesting and informative. If you were unable to attend you should have by now received an information pack. Please check it carefully for forms that might need returning, for example the Duke of Edinburgh's registration form. Paperwork will vary depending on your child’s program.

Students have been very well prepared for the start of the year. They have moved around Canowindra from program to program with enthusiasm. Uniform, on the whole, has been very good. This level of support certainly makes our job easier, and we can focus on students and learning.

House Swimming Carnival

Our Year 9s were good role models for the younger students at the recent swimming event. We would have liked to see a few more girls in the swimming events, especially given the Year 9 girls’ second place at the ACS Carnival last year.

Congratulations to our winners, Curie House and our two Year 9 swimming champions, Julia Esposito and Thumula Senanayake.

Focus Week 1

As I write, students are about to commence Focus Week 1, which includes City Experience for Groups C and D.

Students Leadership

We are currently in the middle of selecting our Student Leadership Team for 2014. We have been lucky enough to receive quite a few applications for the positions on offer, but it does mean the process can take some time. We hope to be able to announce our leaders in the next week or so.

Positions available include:

  Canowindra Captains, House Captains, Class Captains
